

**A HELPFUL DRUG HABIT**

In buying drugs and drug store goods, it is well to cultivate.

**THE HABIT OF CAREFUL BUYING.**

If everybody would form such a habit, there would be no further market for impure, impotent drugs. Only pure, high-grade drugs are to be found in our stock—goods which we can sell under a strict guarantee. If you are not a judge of drug quality, why not rely upon our judgment?

**TELEPHONE PATRONS.**

Beginning October 1 we will change our system of collecting accounts and make it conform practically to the system in practice for collection of water and light accounts. The greater part of our subscribers for some time have followed this plan of remitting by check or sending it in by the tenth of the month.

We will mail on the first of each month a statement of account and we will expect our friends to take the trouble to mail us a check before the tenth of each month or send it to us by some other means. It will be our rule with all that when a bill is not paid by the tenth to close the account until it is paid.
